Course Title: **TACTICAL MEDICINE - TECHNICIAN**

Course Description: This 40 hour course meets and exceeds California POST and EMSA guidelines for Tactical Medicine and provides 40 hours of CAPCE (formerly CECBEMS) credits and/or POST CPT for LE officers. It is held at the Strategic Operations facility in San Diego and utilizes their full hyper-realistic capabilities which you can view at www.strategic_operations.com. In addition to passing all of the required skills practicums, at the end of the course each student will take the written exam for NAEMT TCC/TECC certification as well as coaching for national IBSC Tactical Paramedic Certification (TP-C). Whether certifying as a tactical paramedic on a SWAT team or preparing for Rescue Task Force (RTF) deployment at violent MASCALs, this course will imbued the inter-operable core skills you will need to provide under pressure.
