SPORTS AND SPECIAL EVENTS INCIDENT MANAGEMENT

MGT-404

This course develops athletic department staffs, facility management personnel, campus public safety personnel, emergency response supervisors, and others involved in sports/special event management to better manage incidents that could occur during an event. The course provides participants the skills necessary to effectively manage an incident by applying and implementing a multi-disciplinary management team approach as described in the National Incident Management System (NIMS). The course has specific emphasis on the unique aspects of response to an incident occurring during a sports/special event, including considerations for business continuity and after action activities. The course concludes with a practical application, role-play exercise that can be customized to the facility in which the course is delivered. It provides specific emphasis on incident action planning and resource management processes.

This course represents a cooperative effort between The University of Southern Mississippi’s National Center for Spectator Sports Safety and Security (USM/NCS4) and the Texas A&M Engineering Extension Service’s National Emergency Response and Rescue Training Center (TEEX/NERRTC), a member of The Texas A&M University System.

Training Level:
Management and Planning

Venue:
Jurisdiction

Course Length:
Two days (16 hours)

Prerequisites:
In order to be prepared for this advanced level course all attendees must complete the National Incident Management System/incident command system training, ICS for Single Resources and Initial Action Incidents (IS-200.b), or equivalent basic incident command system training prior to attending this course. Attendees are also encouraged, but not required, to have completed Sport Event Risk Management (AWR-167) or equivalent training/experience.

Class Size:
27-40 participants

Participant Audience:
To reinforce the multi-discipline team approach, the target audience for this course will include stakeholders from:
- athletic departments;
- operators of large arenas/venues;
- campus public safety;
- campus emergency management;
- campus administration;
- campus environmental health and safety;
- campus physical plant / public works; and
- student life/affairs.

The audience also includes stakeholders from communities that host, surround, or neighbor venues for sports/special events. These include:
- fire services;
- emergency medical services;
- law enforcement at the local, state, tribal, and federal levels;
- non-governmental organizations;
- local elected officials;
- public health;
- public works;
- other local, state, and federal agency representatives that would be involved in the planning and management of a sports/special event or large venue, as well as representatives from local and regional media services.

February 7-8, 2018 (0800-1700 daily)
9601 Ridgehaven Court, San Diego, CA 92123
