CRITICAL ASSET RISK MANAGEMENT

Dates: February 28, 2018  (0800-1700)
Location: Carlsbad Safety Training Center, 5750 Orion Street, Carlsbad, CA 92010
To Register: www.sduasi.org
Point of contact: Alan Franklin 619-533-6790 / afranklin@sandiego.gov

In this course participants will enhance their skills to formulate considerations for the resiliency of jurisdictional assets leveraging cross-sector partnerships. These considerations will enhance the whole community's ability to manage the risk associated with critical infrastructure protection efforts. The course will implement the National Preparedness Goal by facilitating the development of Resiliency Action Plans, involving all jurisdictional critical infrastructure partners. Upon completion of this course, participants will be able to increase infrastructure owner/operator participation in jurisdictional planning, organizing, equipping, training, and exercising critical infrastructure protection efforts.

No Cost (Free Training)

Topics
- National & Community Resilience
- Critical Infrastructure Applications
- Resilience Concepts
- Local Jurisdiction Steps

Prerequisites

FEMA / SID Number
Students must register and bring a copy of their SID number to class. Register online: cdp.dhs.gov/femasid
